Displacement Tracking Matrix (DTM)
Out of the 380,000 reported caseload, the DTM teams registered and identified 307,435 individuals in more than 145 sites/camps/rural area in 35 localities in the Darfur region as well as South Kordofan states during the first half of 2017, identified as follows:

- 113,884 Internally Displaced Persons (IDPs)
- 134,739 Returnees
- 54,961 South Sudanese refugees
- 3,851 affected populations

20,522 IDPs and refugees were tracked in South Kordofan State between January and June 2017

17,782 individuals were identified as people with special needs.

Water, Sanitation and Hygiene (WASH)

171,717 beneficiaries, new and protracted caseloads of IDPs, returnees and newly arrived South Sudanese refugees were provided with life-saving WASH interventions in the Darfur region, Kassala, Gedaref, Blue Nile, and South Kordofan states. 3,777 Antenatal Care (ANC) services and 209 assisted births.

- 2,320 Water Purification Kits distributed.
- 1,150 Emergency Latrines constructed/rehabilitated.
- 113 Water supply facilities constructed/rehabilitated.
- 17 Hygiene and garbage collection campaigns conducted.
- 3 Water Committees trained.
- WASH study ongoing in North and South Darfur.

Rapid Response Fund (RRF)

25,138 direct and indirect beneficiaries were reached through the RRF support, providing emergency WASH and Non-Food Items assistance in Central Darfur and South Kordofan states. The RRF is a unique advanced emergency funding mechanism funded by USAID/OFDA and is managed by IOM. It provides grants to National and International NGOs for critical life-saving interventions in the immediate aftermath of natural or man-made disasters.

RFF Projects (January to June 2017)

- 17,683 newly displaced and affected populations provided with WASH assistance in South Kordofan State.
- 7,455 beneficiaries affected by conflict in Central Darfur State reached with NFI support.

Health and Nutrition

Over 100,000 beneficiaries were reached with life-saving health and nutrition assistance in North, South, West and East Darfur States. 37,389 Direct medical consultations in the clinics managed by IOM.

- 37,414 children under 5 years of age screened for malnutrition.
- 350 Pregnant and Lactating Women screened and referred for feeding programs.
- 6,761 children under 5 years immunized.
- 3,777 Antenatal Care (ANC) services and 209 assisted births.
- 460 women hygiene kits distributed.
- 25,000 beneficiaries received Infant Young Child Feeding (IYCF) and general health education.

CHW 150 Community Health Workers (CHW) trained on nutrition and general health.
