

IOM Sudan Rapid Response Fund Factsheet (RRF)

January – June 2017

International Organization for Migration (IOM)
The UN Migration Agency

With generous contributions from

USAID
FROM THE AMERICAN PEOPLE

Overview

The Sudan Rapid Response Fund (RRF), USAID/OFDA's unique funding mechanism, is designed to respond rapidly to the critical needs of newly displaced IDPs, returnees and affected population in Sudan. The RRF project is managed by IOM since 2013. During the first half of 2017, RRF provided emergency life-saving Water, Sanitation and Hygiene (WASH) assistance in Abu Kershola and Kadugli, South Kordofan State, as well as Non-Food Items (NFIs) assistance in Um Dukhun locality in Central Darfur State. About **25,138** beneficiaries were reached with RRF assistance.

WASH

Mercy Corps Scotland conducted comprehensive emergency life-saving Water, Sanitation and Hygiene (WASH) interventions to support newly displaced and affected population in Abukershola and Kadugli in South Kordofan State.

Outcome 1: IDPs and host community have access to a minimum of 10 litres per day of clean and safe water.

Outcome 2: IDPs and host community have access to safe sanitation facilities and a cleaner environment surrounding dwellings of excretal disposals.

Outcome 3: IDPs and host community have necessary hygiene knowledge of household water management, sanitation management, water treatment and appropriate waste disposal.

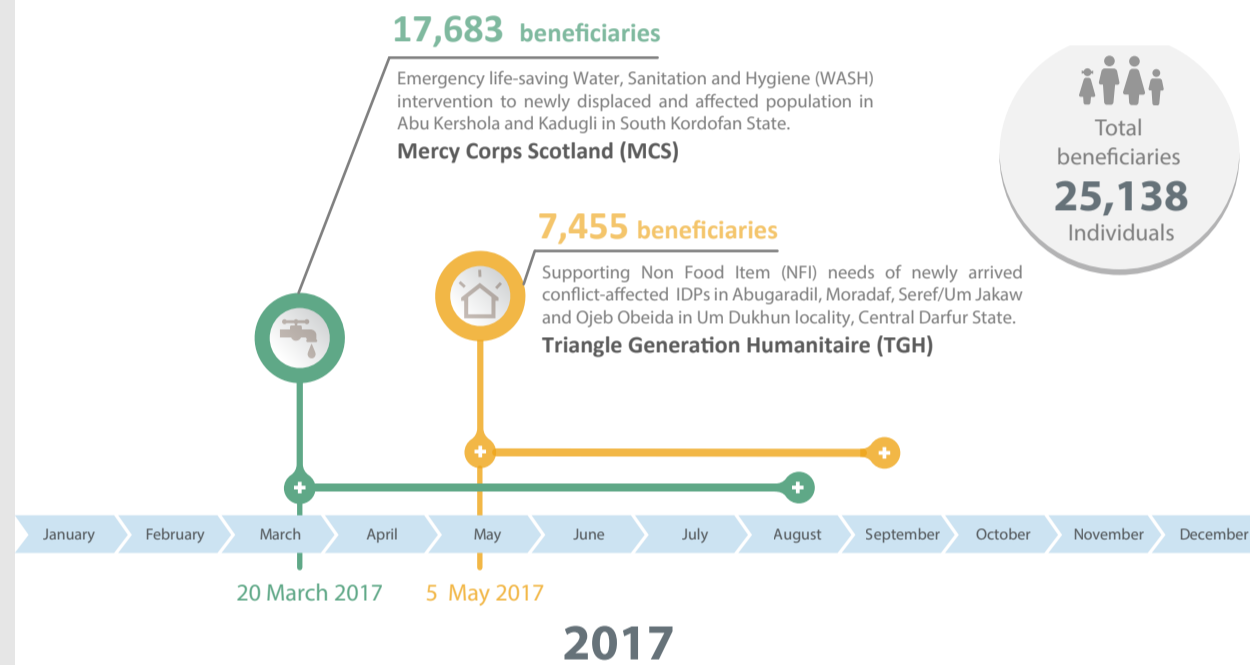

ES/NFI

Supporting Non Food Items (NFIs) needs of conflict affected newly arrived IDPs in Abugaradiil, Moradaf, Seref/Um Jakaw and Ojeb Obeida in Um Dukhun locality, Central Darfur State based on the data provided by the Displacement Tracking Matrix (DTM).

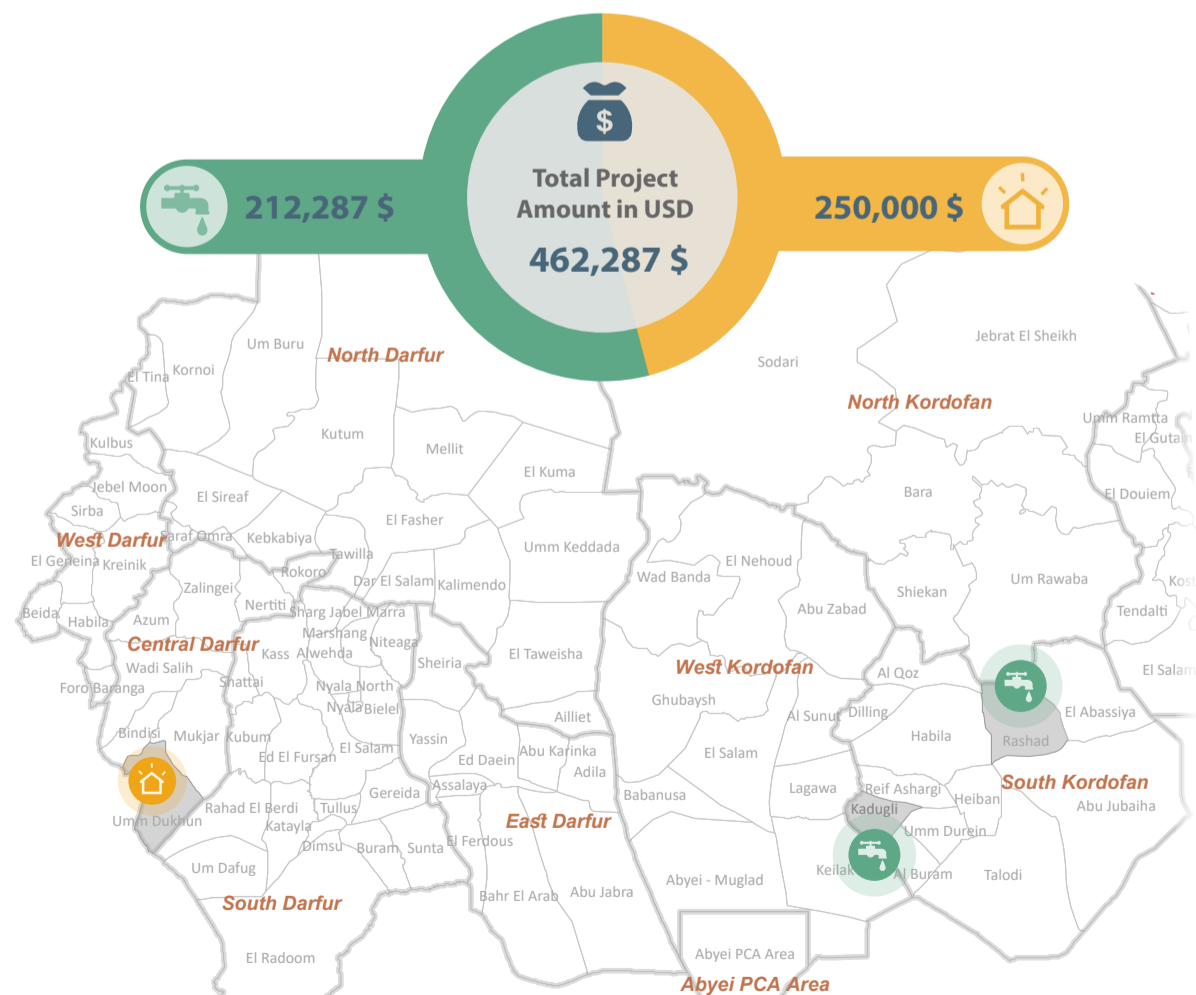

Outcome 1: Newly displaced vulnerable households in Abugaradiil, Moradaf, Seref, Um Jakaw and Ojeb Obeida villages in Um Dukhun locality restore their minimal human dignity, basic primary needs and protection from the elements through the distribution of NFI kits.
